

Million Pound Drop

Want to test your Company sections brain power? Then why not try out Channel 4's 'Million Pound Drop'?

How?

Before the session, you will need to prepare some questions. The format is as below.

- 8 rounds
- Each round has two topics of questions to choose from
- First four rounds have 4 answers to choose from
- Next three rounds have 3 answers to choose from
- The final round has only two answers to choose from.

To fully understand the TV format, use the internet to find out the rules and maybe watch a clip on YouTube.

Split your young people into teams, 4 or 5 per team is ideal. Give each team 100 counters. This can be pennies, button or whatever you can get your hands on. Once a question is asked, each team has 60 seconds to place their counters on a drop

zone. They can place counters on more than one drop zone, but they must leave at least one zone empty. The three incorrect answers will then drop. Any counters which fall are then lost for the rest of the game.

Carry on the through the rounds. If a team loses all of their counters then they are out of the game. The winning team will be the ones with the most counters at the end of the game.

Taking it a step further:

- Want to borrow the drop machine? Contact 11th Northampton BB who will be happy to lend you it.
- Don't quite understand the rules? Haven't got time to write the questions? Development worker Joe Harrison will be more than happy to come and run the session for you. Just contact joe.harrison@boys-brigade.org.uk

Materials:
